

## Letter of Support for Conference Attendance

To Whom It May Concern,

This letter serves to confirm that the 46th International Conference on Coordination Chemistry (46<sup>th</sup> ICC, [iccc2026.com](http://iccc2026.com)) will be held in Odense, Denmark, from June 28th to July 3rd, 2026.

Participant Name: <<FULL\_NAME>>

Nationality: <<NATIONALITY>>

Home Institution: <<INSTITUTION\_NAME>>

We understand that <<FULL\_NAME>> is seeking institutional or external support to attend ICC2026. The conference brings together leading international researchers, postdoctoral fellows, and students in coordination chemistry and related disciplines, providing a significant opportunity for professional development, networking, and knowledge exchange.

For Danish academics and researchers, ICC2026 represents an opportunity to strengthen national research visibility and develop new collaborations within the international coordination chemistry community. Attendance will also help enhance institutional connections and promote Denmark's contribution to global research in this field.

The conference is organized under the leadership of Professor Christine J. McKenzie (University of Southern Denmark) and the local and binational organizing committees, and features eight scientific themes across numerous symposia, sessions, and workshops. A copy of the preliminary programme and list of Conference themes are attached for your reference.

This letter is provided in support of the applicant's efforts to secure funding for attendance. It does not constitute a formal invitation or any financial commitment from the conference organizers.

Sincerely,

**Zac Adams** | Scientific Events Manager

*On behalf of the Organising Committee for the 46<sup>th</sup> International Conference on Coordination Chemistry*

Faculty of Natural Sciences  
University of Southern Denmark  
DK-5230 Odense, Denmark

<b>Sunday</b>	
<b>28th June</b>	
10:00-14:00	Bursary and student helper breakfast, introductions, presentations and training
14:00-14:30	<b>REGISTRATION</b> <i>Odeon</i>
14:30-14:45	
14:45-15:00	
15:00-15:20	
15:20-15:50	
15:50-16:10	
16:10-16:30	
16:30-17:00	<b>Opening ceremony</b>
17:15-18:00	<b>Plenary</b>
18:00-20:00	<b>Welcome reception</b> <i>Odeon</i>

	<b>Monday</b> 29 <sup>th</sup> June	<b>Tuesday</b> 30 <sup>th</sup> June	<b>Wednesday</b> 1 <sup>st</sup> July	<b>Thursday</b> 2 <sup>nd</sup> July
08.00-08.30	Registration, poster hanging and viewing

12:30-14:00	LUNCH
12:30-18:00	Rooms available for network/group meetings

## Scientific Themes

- Coordination chemistry in biology and medical applications
- Catalysis and bond activation
- 4f/5f (6s/6p) elements
- Main group elements
- Electronic and molecular structure – methods and modelling
- Supramolecular chemistry and 3D materials
- Coordination compounds for energy and sustainability applications
- New directions in coordination chemistry
